

# **Salt Lake County Contract Insurance Standards**

Revision Date: 01/25/2021

The County enters into hundreds of contracts for a wide variety of goods and services each year. Although the County exercises only minimal control over its contractors, it can be sued for their wrongful or negligent actions. To protect the County and the public funds entrusted to it, many contracts need to have insurance requirements imposed upon the contractors.

In all cases, those insurance requirements should fit the risks posed by the contract. This document is an attempt to tailor the insurance requirements to our various contracts through an easy, step-by-step process for our buyers and contract writers. If you encounter a contract for a good or service that does not seem to fit within the categories in the Insurance Requirement Matrix or **IRM**, please contact your agency attorney for guidance as to what insurance provisions, if any, should be required.

## **Contract Insurance Requirement Process**

### **1 Determine whether your contract will require insurance provisions. Insurance is required for contracts that meet one or more of the following conditions:**

- a. All Contracts with expected annual expenditures greater than or equal to \$50,000; except finished-goods-only contracts not otherwise listed in the matrix or identified as a high risk contract below.
- b. High Risk Contracts as defined below and in the IR Matrix.
- c. Contracts with a pre-conditioned insurance requirement such as those involving grant or other pass-through funding. In these cases, follow the funding requirements.
- d. Insurance is required for all construction contracts.

### **2 If insurance is required, find your type of contract on the Insurance Requirement Matrix (IRM).**

- a. Identify the type of good, service or contractor from the list in the IRM and apply the designated insurance requirements, whether they be Low, Standard, or High along with any required special coverages.
  - a.i. There may be times when the goods or services could reasonably fit into more than one category description on the Matrix. In those cases, use the description that is the best fit for your situation, or the most specific applicable description.
- b. If your contract type is not in the IRM, contact your agency attorney for further instructions.
- c. High risk contracts are those that involve the transportation and/or use of toxic chemicals, explosives, pyrotechnics, and transportation of oversize loads, loads weighing more than 60 tons, loads including liquid fuels greater than 100 gallons and contracts for armed security services. High risk contracts also include those rated "High" on the IRM. If you are working with a contract that includes goods or services that you believe

may be high risk even though it is not categorized that way in the IRM, please contact your agency attorney.

- 3 Once your contract type is identified on the IRM, insert the corresponding insurance requirements into your bidding documents and contract.**

### **Current Coverage Insurance Requirement**

Contractor shall maintain in force during the entire contract period at least the same insurance coverages as those in place at the time of the contract inception. Specifically, contractor shall, at a minimum, maintain the same policy types, deductibles and per loss limits during the entire life of the contract as are in place at the time the contract is executed.

### **Exceptions & Deviations**

Any exceptions or deviations from the IR Matrix must be approved by your agency attorney. The Mayor or his or her designee may also approve deviations from this process and the insurance requirements herein.

Limits of liability shall be no less than \$\_\_\_\_\_ (i.e. \$5mil) combined single limit bodily injury and property damage per occurrence and \$1,000,000 per seat passenger liability (if applicable). The policy shall name Salt Lake County as an additional insured.

OR

Contractor at its expense shall obtain and keep in effect during the term of the contract Aircraft Liability Insurance. The Aircraft Liability policy shall have a per occurrence limit of liability of no less than \$5,000,000 combined single limit for bodily injury and property damage. The policy shall name Salt Lake County as an additional insured.

#### SPECIAL EVENT INSURANCE – COUNTY CONTRACTING WITH AN EVENT ORGANIZER

##### COMMERCIAL GENERAL LIABILITY

Commercial general liability insurance with the County as an additional insured, in the minimum amount of \$1,000,000 per occurrence with a \$2,000,000 general aggregate. The policy shall protect the County, you, and anyone directly or indirectly employed by any such person. Such insurance shall provide

coverage for premises operations, acts of independent contractors, and completed operations during the event time period. The event time period includes the dates of the set up, scheduled event, take down, and clean-up operations. The coverage shall be indicated on the certificate of insurance as "Special Event" coverage in the "Description of Operations" OR the insurance company shall supply the County with the original insurance policy evidencing the "Special Event" coverage.

In the event any work for the "Special Event" is subcontracted to a separate company, the Contractor shall require the subcontractor to provide commercial general liability insurance, with the County as an additional insured, in the minimum amount of \$1,000,000 per occurrence with a \$2,000,000 general aggregate.

#### CONSULTANT INDEMNIFICATION

Consultant agrees to indemnify, hold harmless and defend the County, its officers, agents and employees from and against any and all losses, damages, injuries, liabilities, and claims, including claims for personal injury, death, or damage to personal property or profits and liens of workmen and material men (suppliers), however, allegedly caused, resulting directly or indirectly from, or arising out of, negligent acts or omissions by Consultant, its agents, representatives, officers, employees or subcontractors in the performance of this Agreement.

#### INDEMNIFICATION AND INSURANCE REQUIREMENTS FOR CONTRACTS WITH ENTITIES INSURED BY THE STATE OF UTAH OFFICE OF RISK MANAGEMENT.

A series of meetings were held in mid 2011 between the County D.A. and Risk Management, and the State of Utah regarding insurance and indemnification requirements in contracts. As a result of these meetings, some standardized language was created and agreed upon for most contracts with the State, any state agencies, any state institution of higher education, and any school district in Utah.

This language can be inserted into most contracts with these entities without the need for further negotiation. There will be a limited number of contracts that will require different or additional insurance or indemnification terms. If you believe this standard language is not sufficiently protective of the County, or does not fit your particular contract, feel free to negotiate other terms.

Standardized Terms: (Insert the following language into your contract.)

#### Indemnification

Both Parties are governmental entities under the Governmental Immunity Act of Utah, §§ 63G-7-101 to -904 (2011), as amended (the "Act"). There are no indemnity obligations between these parties. Subject to and consistent with the terms of the Act, the County and the \_\_\_\_\_ shall be liable for their own negligent acts or omissions, or those of their authorized employees, officers, and agents while engaged in the performance of the obligations under this Agreement, and neither the County nor \_\_\_\_\_ shall have any liability whatsoever for any negligent act or omission of the other Party, its employees, officers, or agents. Neither Party waives any defenses or limits of liability available under the Act and other applicable law. Both Parties maintain all privileges, immunities, and other rights granted by the Act and all other applicable law.

(Note: the position of the names of the contracting entities are of course interchangeable depending on who is drafting the contract.)

#### Insurance

Both parties to this Agreement shall maintain insurance or self-insurance coverage sufficient to meet their obligations hereunder and consistent with applicable law.
