The A/R Revenue Cycle and Information Systems are exempt, and the Medical Group is not. Thus, 81% of the Lake Park Building is exempt from 2014 real property tax. This is the same percentage used for 2013--so, no change between 2014 and 2013. Also, personal property tax on the personal property owned by the A/R Revenue Cycle and Information Systems is exempt from personal property tax. On the Exhibit "A", this is listed as 100%, but does not include the Medical Group. So, in essence (and this is not a change from the prior year) 81% of the real and personal property is exempt for 2014.

BOARD OF EQUALIZATION
EXEMPT PROPERTY HEARING
APRIL 30, 2013

The Salt Lake County Council convened and met as a Board of Equalization on April 30, 2013. Present were: Councilman Max Burdick: Randy Horiuchi; Councilman Jim Bradley; Councilman David Wilde: Councilman Michael Jensen;; Councilman Sam Granato; Councilman Arlyn Bradshaw; Councilman Steve DeBry, Council Chair; Councilman Richard Snelgrove; Kelly Wright, District Attorney's Office; Jodiann Martin, Pauline Wilson, and Terrie Sherbon, Auditor's Office; and Liz Fehrmann, Tax Administration. Undersheriff Scott Carver and Mark Ellsworth, Sheriff Administration.

Councilman DeBry called the meeting to order and called for citizen input, if any.

Ms. Martin stated this is the date scheduled for the annual exempt property hearing to approve continuation of exemptions, accept new application, and act on charity care plans and other exempt issues. She gave a brief overview of the exempt process and explained the categories.

Ms. Fehrmann stated item 3 is a very brief report from the Charity Plan Review Committee. The Committee consisting of Councilmen Bradley, Wilde and Snelgrove met and reviewed the three charity plans submitted by IHC, Rocky Mountain Care and Mission Health Services, along with applications. Ms. Fehrmann suggested that the applications be taken individually starting with IHC. Councilman Wilde stated that on behalf of Intermountain Health Care: last year we asked IHC to consider the jail and helping the inmates there and that it was gracious that they said sure, we'll do that. Councilman Jensen commented that it was a home run. Councilman Wilde continued that we asked how that went and we were told it almost maxed out. Undersheriff Carver stated that Sheriff Winder and the Sheriff's Office wanted to express their appreciation to IHC for the generous donation because it has greatly enhanced our ability to meet the needs of those inmates in our jail who have considerable medical needs. As the Council recalls, it has been a common occurrence for the Jail to need June budget adjustments for medical services but since this donation and the generosity of IHC, an adjustment was not needed. Councilman Bradley asked for a clarification of the IHC service and was told it was a five year commitment. Mark Ellsworth, Medical Services Director of the Jail, stated that the donation from IHC pretty much matched the needs of the inmates for last year. Ms. Fehrmann stated that recommendation for 3A was to grant the continued exemption as presented with possible modification of percentages by the Assessor's Office pending information submitted. Councilman Jensen moved for approval of 3A. The motion was seconded by Councilman Wilde and passed. Councilman Horiuchi abstained.

Item 3B: Ms. Fehrmann stated that the Charity Plan Review Committee recommended granting continued exemption for Mission Health Services and the District Attorney's Office concurs. Councilman Horiuchi asked what type of facilities was Mission Health. Ms. Fehrmann stated that Mission Health was two nursing homes, Hillside Rehabilitation and West Jordan Care Center. Councilman Jensen moved for approval of 3B. The motion was seconded by Councilman Wilde and passed.

Item 3C: Ms. Fehrmann stated that Rocky Mountain Care has three facilities: Riverton which has both real property and personal property, Murray and Hunter Hollow. The applicant withdrew their application for the real property at the Riverton facility but we are waiting for additional information on the personal property so it will be continued. It has been received but the District Attorney's office has not completed their review. Councilman Horiuchi asked for a clarification of the type of facility being approved. Ms. Fehrmann stated that these were skilled nursing facilities. The recommendation is to grant continued exemption on the Murray and Hunter Hollow facilities. Councilman Horiuchi moved for approval of 3C. The motion was seconded by Councilman Granato and passed.

Item 4: Councilman Bradley requested a clarification of an exemption; example - UCC Whale Center - the category is office. Do all entities listed in items 4A, 4B and 4C, do they all have a federal tax exemption. Ms. Martin stated they meet the ownership tax exemption criteria. The District Attorney's office has reviewed their applications and they do meet the ownership criteria. Councilman Bradley asked if that meant that the entities are by federal definition a non-profit entity. Kelly Wright stated that the use criteria is it has to be a non-profit entity and it has to be used exclusively for education, religious or charitable. Then there is case law that helps to interpret what exclusive use is. We prorate if certain areas are used exclusively and certain areas are not and that is why we do percentages. Councilman DeBry asked if the Board has any say over exemptions if an entity is federally exempt. Mr. Wright stated that an exemption is determined by the Board. There are ownership exemptions (government) and then there are use exemptions. Mr. Wright clarified that an entity might qualify as non-profit but not qualify as to usage and we would deny the exemption. The usage exemption is under Utah law not federal. Councilman Bradley asked about the Salt Lake Film Society – which is the Broadway Theater – they are non-profit and receive ZAP funds but they do charge admission to their theaters. How do you calculate that – should they be paying taxes? Mr. Wright used IHC as an example – they make money. A non-profit can make money. It is whether their services and their donations are less than the tax burden. Councilman Wilde stated that an entity could make money to pay their employees but cannot make money to pay shareholders. Mr. Wright stated that they are restricted on what they can do with the proceeds. Councilman Bradley asked about the Christopher Diehl Lodge – there are four properties that are classified under other – is this like a Masonic Lodge named after an individual? Ms. Martin stated that the items on the 4A list were reviewed by the District Attorney's Office at one point in time. They could have had an exemption now for 10 or 20 years so the DA is probably only going to recall the new applications. If needed, we can pull the original application. They are only on 4A if they were once reviewed thoroughly and approved. Councilman Bradley asked how often they were reviewed. Ms. Martin stated that they are required to sign an affidavit every year saying that they are eligible for the continued use and nothing has changed. Councilman Wilde asked if we periodically audit them, do we go out and verify that what they say in their affidavit is accurate? Ms. Martin stated that we don't have a set audit program. As red flags are raised we take a look at it or if we have an application that is not returned, we do a more thorough follow-up. Councilman Horiuchi stated that there are a lot of times when we turn down the exemption when we find out that the use has changed. Ms. Martin stated that we do find out that the use has changed through ownership changes. Mr. Wright stated that we do have Travis Johnson of the Assessor's office who goes out and checks on any questionable items. We are looking at one right now that is religious but seems to be a vacant lot. The question is it used? So we do send people out to check on things.

Councilman Wilde asked what "O" for other was. What does "O" mean? What kind of other used are we talking about? Ms. Martin stated that "O" is used for something that doesn't

clearly fit one of the other categories. Councilman Wilde said that for real property – you have youth, church and services and then you have other. What is other? Ms. Martin used IHC-Other as an example-probably storage. Councilman Wilde felt that would be “Hospital” not “Other”. He was concerned that “Other” was becoming a catch-all. Councilman DeBry asked who enters the classification. Ms. Martin stated that the Auditor’s office entered the classification from the original application. Councilman DeBry asked for a definition of “Other”. Councilman Wilde indicated that he many “other” designations for the Church of Jesus Christ of LDS. Councilman Horiuchi suggested they might be baseball fields, etc. Mr. Wright suggested baseball fields, boundaries, it could be under construction-they have their building permit and they qualify but it is not being used yet. Councilman DeBry asked if we should have a more delineated line item so that the BOE would know what they are approving. They don’t want to make more work for the Auditor’s Office but the BOE needs more information. Ms. Martin stated that based on this discussion, the Auditor’s Office will pull those that are categorized as “O” and see if we can expand the list for the meeting on May 21st.

Item 4: Ms. Martin stated that we have 2039 parcels that the request for continued exemption was returned. This includes IHC, Mission Health and Rocky Mountain Care. We have 113 personal property for continued exemption and 4 are motor vehicle. Councilman Wilde moved for approval of item 4. The motion was seconded by Councilman Bradshaw and passed. Councilman Horiuchi abstained.

Item 5: Ms. Martin stated that 5 is for continued exemptions with a change in use – there has been a percent change, an ownership change or something to that effect. This does not include any that has previously been approved. There are 22 real property parcels and 3 personal property. There are notes in there if you want to see some of the reasons for the changes. Councilman Bradley asked if the Auditor’s Office ever brought to the Board’s attention anything we thought they should take a good look at? Ms. Martin stated that we absolutely did. Councilman Horiuchi mentioned Miracle Rock Church. Councilman Wilde reminded everyone about the controversy over the OK Foundation which was brought to the Board’s attention and the exemption was denied. Ms. Martin stated that she thought they appealed to the State and then withdrew the appeal. Councilman Horiuchi moved for the approval of item 5. The motion was seconded by Councilman Bradshaw and passed.

Item 6: Ms. Martin asked the Board to refer to the lists 6A and 6B. As of the time the agenda was posted, these are the parcels and personal property accounts that we did not have a returned application for. The original letter and application was sent out in February and we got no response. We sent a follow up letter and application out April 4th with a second application and we got no response. We continued to place phone calls. There are 7 parcels to revoke – 4 for the Church of Tonga, Southern Utah Wilderness and Miracle Rock Church. Councilman DeBry asked what the process was once an exemption is revoked. Ms. Martin stated that once exemption is revoked, the Truth-In-Tax notice will go out as taxable. Once the Board of Equalization opens, they can submit a new application for exemption. Under the personal property list, revoke Globus Financial Relief, Southern Utah Wilderness, The Coalition for Utah’s Futures and E-Vin Emerging Vineyard. Last year there were 81 parcels and 19 personal property on this list. Councilman Bradshaw moved for the approval of item 6. The motion was seconded by Councilman Wilde and passed.

Item 7: Ms. Martin stated that all these applications were reviewed this year by the District Attorney and we have recommendations that are attached. The only denial was First Step

House, Inc. as the building was occupied by a for profit tenant. Councilman Wilde reaffirmed if an exempt entity is renting out space to a for profit entity, they do not receive an exemption for that portion. We are relying on their affidavit that says we are using this exclusively. Ms. Martin stated that the Assessor does routine visits when they do their physical characteristic updates. Councilman Jensen moved for approval of item 7. The motions was seconded by Councilman Bradley and passed.

Item 8: Ms. Martin stated that these were applications were filed timely but we do not have a recommendation. Because they were timely, we don't want them revoked just continued until May 21st. Councilman Bradley moved to approve item 8. The motion was seconded by Councilman Jensen and passed.

Item 9: Request approval of the minutes from the April 24th and May 8 meetings from 2012. Councilman Jensen moved for approval of item 9. The motion was seconded by Councilman Bradley and passed.

Item 10: Authorization for Clerk's to implement decision. Councilman Jensen moved for approval of item 10. The motion was seconded by Councilman Granato and passed.

Councilman Jenson moved for the meeting to be adjourned. The motion was seconded by Councilman Bradley and passed. Meeting was adjourned at 2:55 pm.

BOARD OF EQUALIZATION MAY 21, 2013

Board of Equalization reconvened on May 21, 2013 Councilman Debry called the meeting to order and called for citizen input, if any.

Item 2 - Board of Equalization 2012 Late Appeals: Ms. Fehrmann stated that there is being dismissed for lack of jurisdiction. They were received after the March 31st deadline.

Items 3 through 6 are various personal property appeals. Brad Neff was available if there were any questions.

Item 3 - has attachments: Items 3.1, 3.2 and 3.3 are stipulations. Councilman Bradshaw moved for approval. The motion was seconded by Councilman Horiuchi and passed.

Item 4 – Two personal property filings that were not timely. The recommendation is to dismiss them. Councilman Horiuchi moved for approval. The motion was seconded by Councilman Bradshaw and passed.

Item 5 – a person property appeal with an attachment that is a hearing officer recommendation to deny. Councilman Bradshaw moved for approval. The motion was seconded by Councilman Wilde and passed.

Item 6 – a personal property appeal with an attachment that is a recommendation to approve. Councilman Horiuchi moved for approval. The motion was seconded by Councilman Wilde and passed.

Item 7 – This is a tax exemption application for Quality for Animal Life. There is a letter attached from Tim Bodily from the DA's Office explaining a stipulation granting the exemption for 2012. Councilman DeBry wanted to know why the agenda said "possible closed session". Ms. Fehrmann stated that as the exemption was initially denied by the Board of Equalization and appealed to the State Tax Commission so whenever there is ongoing negotiations of litigation at the State Tax Commission level, there is always a possibility of a closed sessions. The issue is there are 20 parcels that are all very small in size. The District Attorney's Office took the position that they were in fact too small to be used for wildlife preservation. There was some reconsideration after some discussion with the applicant and the District Attorney is now changing their recommendation that even though the parcels are so small they could still provide habitat protection for wildlife and insects. Councilman DeBry asked where these parcels were located. Ms. Fehrmann stated that they are all over the county. Councilman DeBry asked for clarification of "too small". Ms. Fehrmann stated that some were one hundredths of an acre which is approximately 500 square feet. Zach Shaw stated that there were some concerns about the legitimacy of the charitable operations. The DA's Office was able to get some concessions in the settlement that if the property was ever sold for a profitable purpose that there would be an escaped property assessment for five years. Councilman Bradshaw asked about other property holdings of the applicant and was told that there were parcels of substantial size that already qualified for the exemption. Councilman Bradshaw moved for approval. The motion was seconded by Councilman Horiuchi and passed.

Item 8 – 2013 Administrative Rules that are being presented because of new legislation. Page 2: A clarification of the authority of the Board of Equalization to create and initiate an appeal and take jurisdiction over a parcel. Page 4: Added language that related to House Bill 54 which creates a price estimate which is a new form of valuation that the Board of Equalization must now consider. Page 5: Added some additional detail under market approach comparable sales, listings and price estimates. This is something House Bill 54 now requires. Councilman Bradley asked for clarification of page 4 which Ms. Fehrmann provided, stating that this was to prevent bias. Ms. Fehrmann also stated that the evidence in a response to an intent to dismiss was going to be scrutinized more closely for quality of evidence. Councilman Bradley noticed that the number of sales was being raised from three to five. Ms. Fehrmann stated that five were preferred but the taxpayer was not penalized if they only furnished three. The change in the language of the Administrative Rules was to give the taxpayer the ability to furnish the same number of sales that the Assessor, who always submits five. Page 13: Making changes in the personal property filing requirements that does not take effect until January 1, 2014. At that time a signed statement that personal property assets do not exceed \$10,000 only needs to be submitted. Councilman Bradshaw moved that the Administrative Rules be put out for public comments. The motion was seconded by Councilman Wilde and passed.

Ms. Martin stated that the following items were carried over from the April 30th meeting.

Item 9a: This is a list of companies pulled from the revocation list. Their statement requesting continued exemption was received timely but too late for them to be included on the list

recommending continued exemption. We recommend approving continued exemption on this list.

Item 9b: The next list is four companies that we originally revoked but we have since received their statement. Councilman Bradley moved for approval of 9a and 9b.. The motion was seconded by Councilman Bradshaw and passed.

Item 9c: These are items that were waiting for more information. That information has been received and the recommendations are for approval. Councilman Bradley moved for approval. The motion was seconded by Councilman Bradshaw and passed.

Item 10: This is a new report in response to the questions about the use of "O". If approved, we will use this format in the future.

Councilman Horiuchi moved for the meeting to be adjourned. The motion was seconded by Councilman Bradshaw and passed.
