Drug lookup and cost comparison.

Find detailed information on savings options for prescription medications through your Select Health member account.

- Drugs are listed by tier: lower-tiered drugs usually cost less, and your plan typically pays a higher percentage of that cost.
- When you identify savings, talk to your prescribing provider to see if these substitutions are right for you.

Rx Savings Solutions®.

This service connects with your Select Health member account to help identify drug savings. Sign up through your member account and turn on notifications to include:

- **Therapeutic alternatives:** drugs which treat your condition the same way using a medication with different active ingredients.
- **Generic clones and substitutions:** drugs which use the same ingredients as your current medication without the cost of name brands.
- **90-day supplies:** you may pay less when your doctor prescribes a 90-day fill for eligible medications.
- **Discount cards and coupons:** which show your lowest price every time, with or without insurance.
