I. Welcome and Introductions

Mayor Jenny Wilson welcomed everyone. Introductions were made around the room. Mayor Wilson thanked Noella for the work that she has done over the past three years. Mayor Wilson congratulated Lana Dalton on receiving the University of Utah Founders Day Award.

Sheriff Rivera thanked the CJAC committee for the opportunity to serve as the chair.

II. CJAC Business

A. Passage of CJAC Ordinance Designating Rotating Chair

Noella explained to the group that in January, the Salt Lake County Council passed an ordinance formally establishing CJAC and making some other changes. The main changes were to codify CJAC's existence formally by ordinance, updating it from its existence by resolution. The second change made was to change the Chair of CJAC from the Mayor of Salt Lake County, to an annually rotating chair among the Mayor, Sheriff, District Attorney, and a representative from the County Council. Noella further explained that under the ordinance, voting members and rights are still governed by the bylaws. Noella stated that in light of the ordinance passage, the bylaws will need to be edited and adjusted at a future meeting.

Judge McCullagh stated that a vote needed to be taken on the order Chair rotation. Judge McCullagh made a motion to have the rotation of the chair in the following order: Sheriff, Mayor, County Council Member, and District Attorney. He also stated that he thinks it makes sense that the Vice Chair be the next Chair in the rotation. Judge John Baxter seconded the motion. Motion carried by majority vote. No one opposed.

Noella stated that she will make the necessary changes to the bylaws and circulate them before the next Full Committee meeting for approval.

B. Election of Vice Chair

Noella stated that the election of the Vice Chair was built into the motion of the designated

rotating chair, so no motion and vote was needed for the election of Vice Chair. Mayor Jenny Wilson will serve as Vice Chair.

C. Proposed Membership Changes

Noella stated that the next item on the agenda is proposed membership changes. She explained that these changes are not to establish new positions, but to vote on new people filling existing positions.

Noella stated that the first change would be the Municipal Police Chief position and there may be a need for discussion about this position. Noella explained that Chief Brown, who formally held this position last year, misunderstood that he was giving up the position when Chief Jack Carruth expressed interest at a LEADS meeting. Noella stated that the Chiefs would like to co-serve on the CJAC committee. Sheriff Rivera stated that she had no objection to them both serving, so long as they were both committed to attending the meetings on a regular basis. She stated that everyone is busy, and that as Chair, participation is a priority for her. Chief Brown was not present, but Deputy Chief Scharman assured the Sheriff that Chief Brown was committed to participating. No motion was needed to approve both Chief Brown and Chief Carruth to serve as the Municipal Police Chiefs.

Next, Noella stated that there will be a new LEADS Chair. Noella asked Chief Craig Burnett from Murray Police Department to introduce himself and explain what he would like to get out of CJAC. Chief Burnett introduced himself and asked if Sheriff Rivera would bring back the report showing jail utilization for each city in Salt Lake County. Sheriff Rivera agreed and stated that she would work with Chief Dumont and Noella to provide the data at an upcoming LEADS meeting. No motion was required to approve Chief Burnett's service on the committee.

Noella then stated that Senator Karen Mayne will serve as the Utah State Senate representative. Noella stated that Senator Mayne is now serving in Minority Leadership and excited to be part of the CJAC committee. Senator Mayne was not able to attend the CJAC meeting due to legislature being in session, but is planning on attending future meetings. Judge Brendan McCullagh made a motion to approve Senator Karen Mayne's service on CJAC as the Utah State Senate representative. Second by Judge John Baxter. Motion carried.

Noella thanked Judge McCullagh and Judge Baxter for their willingness to continue serving as the two justice court representatives, and for their collaboration, ideas and support. Judge Randall Skanchy made a motion to approve the continued service of Judge Brendan McCullagh (WVC) and Judge John Baxter (SLC). Second by Mike Haddon. Motion carried.

Juvenile Justice Representative Pam Vickrey was added to CJAC at the December meeting but was unable to attend. Noella asked Pam Vickery introduce herself. Pam Vickery introduced herself to committee members, and Sheriff Rivera welcomed her to the council.

D. Approval of October 2018 Committee Minutes

Noella asked for a motion to approve the October 2018 CJAC Full Committee meeting minutes.

Motion to approve by Sheriff Rivera. Second by Judge Randall Skanchy. Motion carried.

E. Vote on Lived Experience Representative Candidates:

Noella stated that three great candidates applied to serve as the the Lived Experience in the Criminal Justice System Representative: Weldon Angelos, Catie Cartisano, and John Wright, all from Salt Lake County.

Noella stated that she circulated the candidate applications to the committee members in advance of the meeting. A robust discussion about the candidates and their application materials followed. Following that discussion, Sheriff Rivera stated that in her view, Catie Cartisano's experience was the best fit for CJAC's focus this year. Judge Randall Skanchy and Judge John Baxter agreed.

It was then proposed that a vote be taken by raise of hand. The vote was unanimous to approve Catie Cartisano to serve on the CJAC Committee as the Lived Experience in the Criminal Justice System representative.

F. Development of CJAC Subcommittees

Noella stated that in collecting annual feedback from CJAC members, a handful of individuals suggested forming CJAC subcommittees to work on different items. There were three specific suggestions that were brought to Noella's attention: (1) studying the CATS program; (2) discussing how to achieve better outcomes for high risk/high need misdemeanor offenders; (3) criminal record expungement.

Judge McCullagh also suggested that a pre-trial subcommittee should be formed. Judge Skanchy asked whether a subcommittee focused on ORG was also needed. Tim Whalen stated that he did not think this was necessary.

Judge McCullagh stated it would be good to have three workgroups (CATS, Better Outcomes & Expungement) and one subcommittee for Pretrial. A brief discussion followed.

Noella suggested that since CJAC meets every other month, it would be good to have the subcommittee meetings and work groups meet on the off months. Noella volunteered to set up the meetings and help coordinate them.

Judge John Baxter made a motion to approve three workgroups: CATS, Better Outcomes & Expungement, and a Pretrial Subcommittee. Second by Judge Randall Skanchy. Motion Carried.

Noella stated that she will be contacting CJAC members to serve on the subcommittee and work groups.

III. HB 431, Automatic Expungement Bill Update

Noella gave an update on HB 431, Representative Hutchings' Automatic Expungement bill. She

explained that she has been working hard on getting it through the legislature and was hopeful that she and Representative Hutchings would be successful. Noella stated that Pennsylvania was the first state in the nation to pass this type of bill, and that if HB 431 passes, Utah would become the second state in the nation to enact this type of legislation. She stated that Utah could learn a lot from Pennsylvania's implementation. Pam Vickery stated that she would love to have this type of bill for the juvenile system. Discussion and questions followed.

IV. University of Utah Social Work Summit Update

Lana Dalton stated that she sits on the Community Advisory Board for the University of Utah's College of Social Work. She said there has been a lot of discussion about the shortage of social workers across the state. She stated that the national average for Licensed Clinical Social Workers (LCSW) is around 130 social workers per 100,000 people, and that Utah has only 98 LCSWs per 100,000 people. With the passage of partial Medicaid expansion, even more LCSWs will be needed.

Lana explained that to help tackle this problem, Salt Lake County is partnering with the University of Utah to put on a Social Work Summit on Friday April 19th from 8:30 – 2:30 PM. One of the goals of this event is to bring people together to brainstorm ways to help grow the work force and incentivize social work as a career path. Lana provided handouts for those who were interested in going to the summit. Noella encouraged everyone to participate and stated she would circulate information about the summit via email.

Tim Whalen stated that Representative Dunnigan is working on a bill where individuals with other licenses can serve as supervisors. It also allows for the supervision of an LCSW to increase from 3 to 6 individuals, with a petition process to supervise more.

Medicaid Expansion Update

Jeannie Edens and Tim Whalen gave a presentation on SB 96, partial Medicaid expansion. This expansion will be a 70/30 match and enrollment will begin on April 1, 2019.

Jeannie explained that the difference between this and Proposition 3, which was on the 2018 ballot, is that Proposition 3 was a vote for full expansion.

Partner Roundtable / Announcements

Chief Dumont stated the Sheriff's office is working with Tim Whalen and Behavioral Health Services to implement a new Medication Assisted Treatment (MAT) program for incarcerated individuals. Currently, inmates in the CATS program can use Vivitrol. This new program will extend the Medication Assisted Treatment offerings to Suboxone and Methadone. The jail will partner with Project Reality, an MAT provider in the community. Project Reality staff will come into the jail to administer medication, run the program, and continue to help individuals after they are released from jail.

Shawn McMillen stated that he will be hosting a ceremonial groundbreaking for the 75-unit

Permanent Supportive Housing project on February 28th at 3:00 PM. The groundbreaking will be located at 440 S 500 E Salt Lake City. This project target individuals with a Serious and Persistent Mental Illness (SPMI) diagnosis, who also have a co-occurring substance use disorder. With no further business, the meeting adjourned at 1:35 pm.

University of Utah Social Work Summit Update

Lana stated that she sits on the Community Advisory Board at the University of Utah along with the Dean. There has been a lot of discussion and preparation about Social Workers in the state of Utah and where Utah is nationally. The national average for Licensed Clinical Social Workers (LCSW) is around 130 per 100,000 people but Utah has about 98 LCSW's per 100,000 people. Currently Utah doesn't have enough LCSW's available. With the Medicaid expansion the amount of LCSW's will even be lower.

There will be a Social Work Summit hosted by the University of Utah on Friday April 19th from 8:30 – 2:30 PM to brainstorm with members across the state to see how they can better prepare individuals to become a LCSW and help the workforce grow.
